4-yr: Brewton-Parker College at Mount Vernon (13 miles) with 1,269 students; Georgia Southern University at Statesboro (53 miles) with 15,075 students.

Local Taxes

PROPERTY: Property taxes are determined by tax rates and assessment ratios which vary by location. The only realistic way to compare property taxes from different locations is to use 'effective tax rates' (tax rate multiplied by assessment ratio). Effective tax rates combine city, county, school, and state tax rates into one convenient figure -- the annual tax for each \$1000 of property at its fair market value. This rate applies to all property: land, buildings, machinery, equipment, and inventory. Above within city rate is for Vidalia. Lyons effective rate is \$9.23. Rate for portion of Vidalia in Montgomery County is \$10.91. 2009 Effective Rate for properties located outside of the city: \$8.94

SALES: City and county have 3% local sales tax in addition to the 4% state sales tax.

Incentives/Exemptions

INVENTORY (Freeport): *Freeport* is the general term used for the exemption of ad valorem tax on inventories as defined by Georgia law. The law offers manufacturers, distributors, wholesalers and warehouse operations an attractive inventory tax exemption on three classes of property.

Toombs County, Vidalia and Lyons exempt 100% on all classes of certain business inventory from property taxation.

JOB TAX CREDIT: Tier: 1, Amount: \$3,500 as of 2011
Tier refers to the economic well-being of a county. For more information go to <http://www.dca.state.ga.us/economic/TaxCredits/programs/taxcredit.asp>

JOINT DEVELOPMENT AUTHORITY: Yes
