Rural Georgians: Tell us about your Internet access!

<http://broadband.georgia.gov> GO

About the Survey

The Georgia Broadband Center at the University of Georgia's (UGA) Carl Vinson Institute of Government is assisting the Georgia General Assembly's **Joint High-Speed Broadband Communications Access for All Georgians Study Committee** by providing a web-based survey tool for Georgians to report their access to broadband.

Rural Georgians, including all sections of Internet users, are encouraged to visit the website by **December 1, 2016**.

<http://broadband.georgia.gov>

- View what access is currently reported as available in your area
- Perform a speed test if you currently have broadband access
- Complete a brief survey about broadband availability in your home or business

What is Broadband?

Broadband is **high-speed Internet access** that is always on and much faster than traditional dial-up access.

The Results:

With broadband, UGA's Joint High-Speed Communications Access for All Georgians Study Committee will be able to identify areas that need more broadband access. This information will be used to help Georgia's broadband infrastructure and to help Georgia's broadband infrastructure and to help Georgia's broadband infrastructure.

Your help is critical as this study helps move the broadband conversation from ideas to action.
PLEASE VISIT THE WEBSITE BY DECEMBER 1, 2016
