[University of Georgia SBDC is Looking Forward to Hearing from Business Owners](#) [1]

On 29 Mar, 2019

The University of Georgia Small Business Development Center (SBDC) is proud to partner with 22 select Chambers of Commerce from across the state in an effort to better understand current challenges and opportunities facing Georgia business. To this end, an anonymous survey has been made available to Chamber Members with a particular focus on business owners and business managers. The findings from this survey will help shape future services of the Chambers and the University of Georgia SBDC. The survey will be open from mid-March until the end of April. A prompt response is greatly appreciated.

Click [here](#) [2] to participate in the survey.
