[Join us for the 2019 Employers in the Know Business Summit](#) [1]

On 22 May, 2019

Six years ago, the Georgia Department of Labor began hosting business summits that were primarily designed to better inform Georgia's small businesses on updates to national and state labor laws, unemployment insurance, and to hear about the department's initiatives and programs.

For those of you who attended in previous years, I want to personally thank you for your participation. I invite you to join us this year as we talk about

- GaBest
- CRX
- Fast Track
- Labor Law Update
- NEW - Sexual Harassment for Managers
- We will also reprise our Panel Discussion to be able to field your questions.

Mark Butler, Georgia Commissioner of Labor
