[Share Your Input on Arts and Cultural Programming in Georgia!](#) **[1]**

On 30 Jul, 2024

Georgia Council for the Arts is teaming up with Purpose Possible to empower communities statewide to address local challenges through collaborations with artists and arts organizations.

Your input is crucial to us, and we want to ensure your voice is heard! Please take a few minutes to provide feedback on arts and cultural programming in your community by completing [THIS SURVEY](#) [2]. All responses are anonymous and will be aggregated for reporting purposes. The survey will remain open until August 2.

We also encourage you to share this survey with your peers and networks. We are particularly interested in insights from individuals across Georgia who are involved in:

- Municipal or county government, especially in economic and downtown development, and arts and cultural programming.
- Educational environments such as schools and libraries.
- Organizations, especially those focused on public programs and community revitalization.
- Individual artists and arts organizations.

Please help spread the word by sharing [THIS LINK](#) [3] and the accompanying image below on your social media platforms, email newsletters, and other communication channels.

Thank you for your support!
