[Georgia Manufacturing Association to Host Manufacturing Georgia Regional Information Sessions on April 22-23](#) **[1]**

On 09 Apr, 2025

Manufacturing Georgia is a platform designed to connect students, parents, and jobs seekers with people, stories, and opportunities shaping Georgia's manufacturing sector.

The public launch of Manufacturing Georgia is scheduled for this July. In the meantime, the Georgia Association of Manufacturers will be hosting regional information sessions on April 22-23. The sessions will provide a behind-the-scenes look at the platform and its value in strengthening your workforce pipeline. They are an ideal entry point for manufacturers who want to get involved. Additional details are included in the flyer below. Register for the Coastal Georgia Session [HERE](#) [2].

Please share this information and encourage participation to other manufacturers, workforce development organizations, and community leaders.

Be Among the First to Shape the Future of Manufacturing in Georgia

Join a Regional Information Session to Learn More About Manufacturing Georgia

For the first time, manufacturers have a direct, real-time platform to engage with students, parents, and educators—helping to shape the workforce of tomorrow.

With social media-like functionality, Manufacturing Georgia provides a space to:

- ✔ Showcase job opportunities, apprenticeships, and training programs.
- ✔ Tell the real story of modern manufacturing to attract the next generation of talent.
- ✔ Change outdated perceptions and increase interest in manufacturing careers.

Why Attend?

These regional information sessions will provide an exclusive live demonstration of the platform and help manufacturers learn how to maximize their organizational profiles to meet workforce needs.

Register Now

Spots are limited! Secure your seat today.
