

## [WTC Savannah](#) [1]

The Toombs County Development Authority is a proud Economic Development Partner of the World Trade Center (WTC) Savannah, the international arm of the Savannah Economic Development Authority (SEDA). WTC Savannah is a proactive international business and trade development organization created to develop and optimize international networks and opportunities to drive economic growth in the region.

WTC Savannah is a member of the World Trade Centers Association, a global association of hundreds of World Trade Centers in some 100 countries.

The combined networks of international trade and business development experts allow the TCDA to meet the specific needs of client businesses by offering international market research, providing business matchmaking and connections to valuable public and private resources, and planning strategic trade missions, educational programs, and networking events.
