## [Georgia's Home Energy Rebates Call To Action for Local Contractors](#) **[1]**

On 11 Feb, 2026

Georgia's Home Energy Rebates provide households with incentives on the purchase and installation of electric appliances, insulation, air sealing, HVAC, and other home improvement measures. Eligible households can get up to \$16,000 in savings depending on their household income and/or expected energy savings.

Program-approved contractors play a critical role in helping Georgia provide energy efficient rebates to households. Network contractors will support the administration of two (2) rebate incentives:

- Home Efficiency Rebates (HER): Whole-home energy efficient retrofits
- Home Electrification and Appliance Rebates (HEAR): Appliance purchases and other upgrades

Network contractors will provide the following services:

- BPI-certified, home energy assessments (for HER projects only)
- Electrical work
- HVAC
- Installations
- Appliance purchases

Benefits of being a network contractor include:

- Access to a steady flow of contract leads
- Promotional materials
- A business listing on the program website
- Training

To encourage contractors to participate in the Georgia Home Energy Rebate Program, the Georgia Environmental Finance Authority (GEFA) has outlined a process for contractors to join the program.

For more detailed information on how to get involved and the specific services provided by network contractors, please join the Greater Vidalia® Chamber and GEFA for a virtual event being hosted exclusively for contractors on Wednesday, March 4, 2026, beginning at 8:30 a.m. via Zoom.

Register in advance for this meeting:

<https://us06web.zoom.us/meeting/register/30sjK4p10OKc04qfECWjdA> [2]

After registering, you will receive a confirmation email containing information about joining the meeting.
