Small businesses in Greater Vidalia® have **until July 31** to participate in the statewide Small Business Needs Assessment survey being conducted by the University of Georgia's Carl Vinson Institute of Government in partnership with the Small Business Development Center (SBDC). The survey takes less than 10 minutes to complete, and all responses are confidential. Results will be reported only in aggregate.

We also encourage you to share the survey with other small business owners and managers in your network. As the survey period comes to a close, additional participation will help ensure a broad range of business experiences and perspectives are represented.

Thank you for taking the time to contribute your insights and support the future success of Georgia's small business community.
